

### REMARKS

A substitute specification and a marked-up specification as required by 37 C.F.R. §§ 1.125(b) and (c) are attached hereto. Chemical formulas Ia-Id were amended in the specification to correct an error. Claims 4, 6 and 18 also were amended to correct the error in chemical formulas Ia-Id. The error and required correction is clear from the description of formula I and the examples; no new matter was added to the specification or claims. Applicants respectfully request entry of the amendment and favorable consideration of the application and claims.

If any questions arise, the Examiner is invited to phone the undersigned at the below listed number.

Respectfully submitted,
